

Bachelor of Science in Education/Elementary Education-Now Approved and available in Texas.

The first few school years are not just valuable – they can help determine a child’s future success. Get ready to play an important role in children’s academic development with our initial teacher licensure Bachelor of Science in Education/Elementary Education. You will not be in this alone. Our program support specialist can help you navigate teacher licensure and credentialing requirements. We’ll also help you with school placements for your clinical experience and clinical practice through our close partnerships with hundreds of school districts nationwide.

You'll learn how to:

- Create lesson plans that use research-based teaching strategies for elementary students
- Learn how to manage a positive learning environment
- Discover how to meet the educational needs of diverse classrooms
- Assess children through observation, interaction, and other performance measures

Enrolling Now for January 12, 2021 start date!
